Comparing International Student Numbers -

- Gains/losses of 1-50 students can be part of normal flow of student enrolment.
- Gains of 100 or more students have a concentrated effort to increase student enrolment.
- Decreases of 50+ students are significant
- For every 15 international students, the college gains about \$ 75,000 in extra tuition and about \$ 444,000 in revenue to local community taxes.
- Colleges with significant decreases lose funds at a time when resources are scarce
